

HP Middle-East large format printers special rebate programme - terms & conditions

1. programme structure

Within the framework of the special rebate programme, Hewlett-Packard Middle-East FZE-LLC, Dubai Internet City, Dubai, United Arab Emirates (HP) pays an appropriate rebate to the owner of an eligible large format printer when this user (herein "participant") purchases a new HP product that is part of the programme. The rebate needs to be claimed by the participant by sending a claim to HP. The rebate, though, only ensues if the old / previous equipment the participant already owns is clearly listed as an eligible product part of the programme, and the new product which the participant purchases is listed as being part of the programme as well. The ratio of the products the participant already owns to the number of newly purchased HP products is always one to one.

Please note that only new HP products purchased during the period of the promotion are allowed to take part in the programme. Demo products as well as remarketing or used products are excluded from the programme.

Rebate claims must be submitted not later than 45 (forty-five) days after the date of invoice of the new HP product purchased.

The period of the programme, the new HP products subject to the programme, the eligible old products and the exact rebate value are specified at the end of this document. HP retains the right to change or terminate this programme at any time and without prior notice. The programme is open to anyone over the age of 18 years, who is not an employee of any of the Hewlett-Packard companies, their associated agencies and their immediate families.

The programme period is August 1st, 2009 – October 31st, 2009.

In order to file a rebate claim under the programme with HP, participant must provide proof of purchase and delivery of the new HP product and the original serial number label (or plate) of the old / previous product participant already owns.

name and address of the participant,

Rebate claims that are incomplete or that contain false statements will not be processed. Furthermore, HP may reject any rebate claims that HP at its sole and entire discretion considers not meeting HP's requirements.

4. terms and requirements for the programme
